# BRISTOL GROUP NEWSLETTER

## April 2021

### Welcome to the April gathering

Tonight is the first meeting/gathering since early last year , I think it was February 2020 , that we all met for the last time here at the rugby club .

A few members come along to the September and October gathering last year .

Due to the covid restrictions we are not allowed in to the building , only to use the loo's , drinks will be served from the hatch .

Currently there are a fair few shows mapped out to which we are planning to attend , these are listed on our website and also on our Facebook page .

This year we are asking you to book your own show requirements via the events dedicated websites , we will provide you with the simple booking codes to enable you to do this as required , this will be provided on request please to Ian or Simon , these will NOT be published on social media platforms in any form .

We respect that one or two members are unable to sort this out themselves , if you are one of those , then please speak to Ian , who will be able to carry out this for you .

In the May meeting , Weds 19<sup>th</sup> May , we hope to be allowed into the building again , if everything goes to plan , with that in mind , in the May meeting hopefully the spring action day passes will be issued out , PLEASE note these will NOT be posted out to

you due to the postage costs , so please attend this meeting or arrange for the passes to be collected on your behalf ..

RS combe 2021 entry passes will be available on the May and June meeting nights for you to buy on request , bring your payment cards with you , if you forget to bring your card then no entry passes will be issued to you .

Sorry the newsletter is short, sweet ,and not formatted as usual as time has run away and this was planned at very short notice , also the numbers of members attending is very unsure at present .

Thank you for coming along this evening to the smaller than usual gathering , as the meeting May should be much bigger and we look forward to seeing you then and we hope to run a full meeting inside , keep an eye out on Facebook , for the latest updates .

KEEP SAFE and BE GOOD as we look forward to better times ahead
